WORDS OF ENCOURAGEMENT

....“I think your idea of a small size for your publication is very good, as is your quality of paper.” Mike Dries, Sheboygan, Wis.

....“Congratulations on your start of a new coin paper. I think the name CENTINEL is very appropriate and along with size and quality of paper, it should be a success.” Thomas B. Underwood, Dayton, Ohio.

....“I'm sure glad someone has begun a small paper, small enough to put in your pocket and look at it during the day and I think it just swell to have it printed on good paper.” Pat Heckard, Gainesville, Fla.

....“Good luck in making a big success of The CENTINEL.”

.... Wayne C. Phillips, Azusa, Cal.

MANY THANKS

We wish to extend our sincere thanks to all those who expressed their confidence in us with subscriptions, advertising and congratulations.

All in all we were quite pleased with the way things turned out. Without any prior solicitations we received hundreds of subscriptions and a large variety of advertising. With support like this we are sure to succeed.

To assure you we are holding up our end of the bargain, we are adding three feature columns beginning with our next edition. We have increased our circulation 40%. Our readers

now number about 7000 and we look forward to an increase in this figure with every issue.

We feel the circulation of a publication such as ours is a very important consideration, for it involves two prime functions. The first is to provide our readers with a variety of numismatic items from which to choose. The second is to sell merchandise for our advertisers. The bigger audience we give our advertisers the more they sell. As sales rise so does the amount of advertising, thereby satisfying the former responsibility. This is why we absolutely guarantee an ever increasing circulation.

SUBSCRIPTIONS

In order to obtain new subscribers we have conceived a plan whereby you can do us a favor and also earn yourself a substantial commission.

When a new subscriber sends in your name along with his subscription, you will be paid a 30% cash commission or a 50% commission payable in advertising during the following month. You will be given a tally of your account on the 15th of each month. All you have to do is tell us how you want to be paid.

....“Congratulations! We are happy to welcome you to the field of Numismatics” National Coin Co., Racine, Wis.

....“Good luck on what looks like a fine new coin paper.” Joe Kotler, Glencoe, Ill.

NEW CONTRACT

RATES

We have had several inquiries regarding contract rates on copy run without change. Production costs on this type of advertising are considerably lower, and we see no reason why the savings should not be passed on to the advertiser.

Effective immediately, if you wish to display 1 column or more of the same copy in four or more issues, you pay the regular contract rate for the first insertion only. Each time thereafter you may deduct 25%.

SOMETHING NEW

In accordance with our desire to give our readers a more interesting publication and our belief that columns in which the going to add three regular features themselves participate are more interesting, we are turning to THE CENTINEL.

The first column will be devoted to questions and answers. If you have a question concerning numismatics, send it to us, and we will do our best to give you an answer.

The second will deal with any unusual numismatic items our readers find in circulation.

Our third regular item will be club news. If your club is doing something that you think other collectors would like to hear about, let us know and we will put it in print.

We can write the titles and set the type, but the material must come from you. All contributions will be gladly accepted.
